Honorable Sidney Kartus
State Representative
2107 South 15th Place
Phoenix, Arizona

N.R.

Dear Mr. Kartus:

In your letter of November 29, 1952, you ask the opinion of this office on the following question:

"Are landowners now irrigating their lands by individual pumps required to pump to a common ditch as a condition to forming an electrical district or power district?"

A research of the law discloses no requirement such as you suggest, that land owners irrigating their lands by individual pumps are required to pump water from their wells into a common ditch as a condition precedent to forming an electrical or power district.

Sincerely yours,

FRED O. WILSON
Attorney General
